**New e-Range PLUS software! even easier to use**

**e-Range version 8 PLUS software is required for PIN use in more than one ball dispenser.**

**e-Range PLUS requires a communication cable from the dispensers to a computer.\*\***

**e-Range PLUS V4, V6, and Version 8 systems have a range of 4000 feet**

**e-Range PLUS is not computer dependant. If your computer fails, the system still works!**

**Happy Hour Pricing - Change the selling price automatically at preset times of the day**

All versions of e-Range PC software require a PC or laptop running Windows, WIN9X or 2000 with an unused 9 Pin serial port; (or an unused USB port can be used with an optional USB converter.)  
 Version e-Range 6.0 and Version 8.0 require any printer capable of printing on 8.5 x 11" paper to print reports.  
 \* Requires any POS or receipt printer with an installed compatible windows driver.  
 \*\* additional hardware for communication is included, however the computer needs another unused serial port.  
 ^^ Validator - Paper currency acceptance option limits selection sizes to multiples of dispenser size 1
